CAUTIONS
1. Differences in latitude and longitude may exist between this and other charts of the area; therefore, the transfer of positions from one chart to another should be done by bearings and distances.
2. The area portrayed by this chart has not been completely surveyed and some of the data are of a reconnaissance nature. Mariners are warned to exercise extreme caution when navigating in these waters.

NOTE
Limits of the next larger scale chart are shown in purple. Users should consult the chart catalog which may contain later information.
