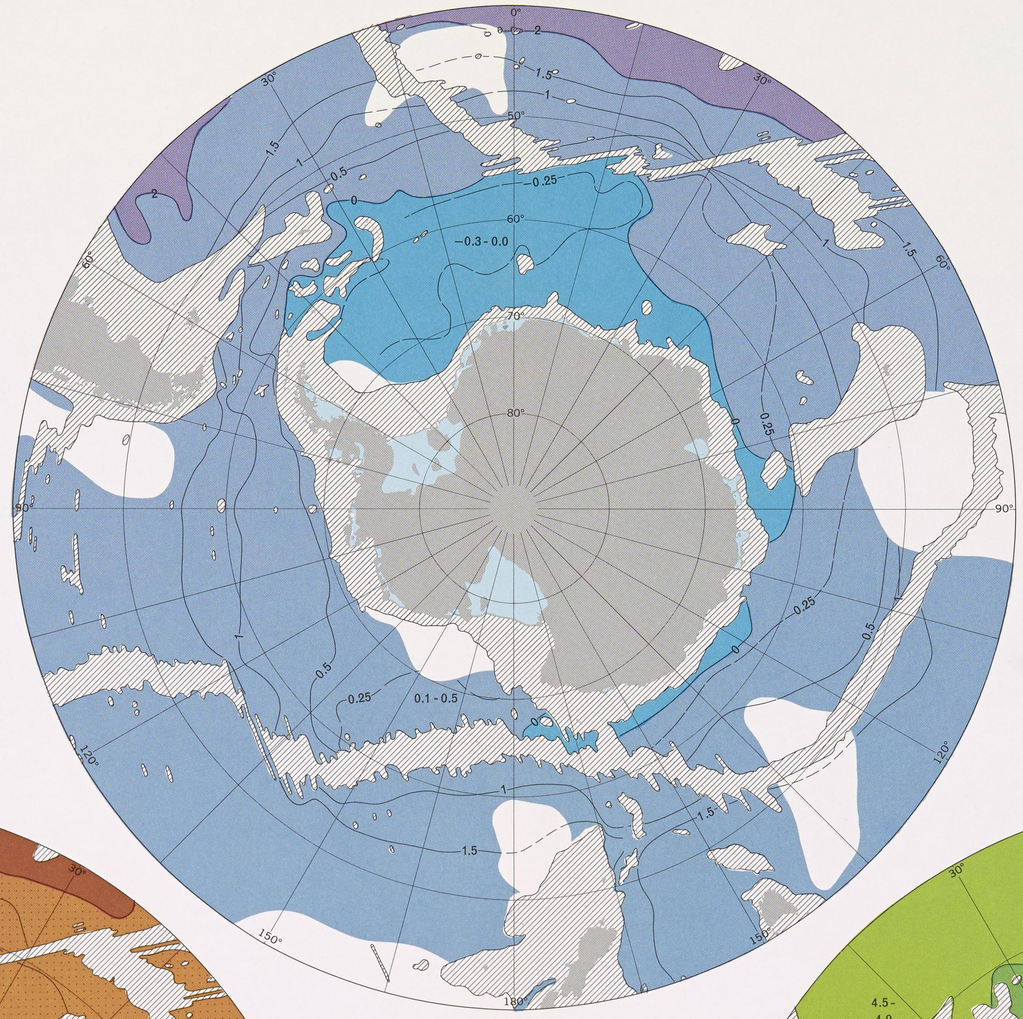
CONTOURED MAPS

3000-M LEVEL

Tints are omitted in major regions where data are not available.

Tints and isopleths are omitted from the Ross Sea because the temperature, salinity, and oxygen patterns in that region are too complex to be depicted at the scale of the maps.

Temperature



Temperature (°C)

−2 | 0 | 2 | 4 | 6 | 8 | >8

Contour interval 0.5°C

Isopleth inserted within regular interval

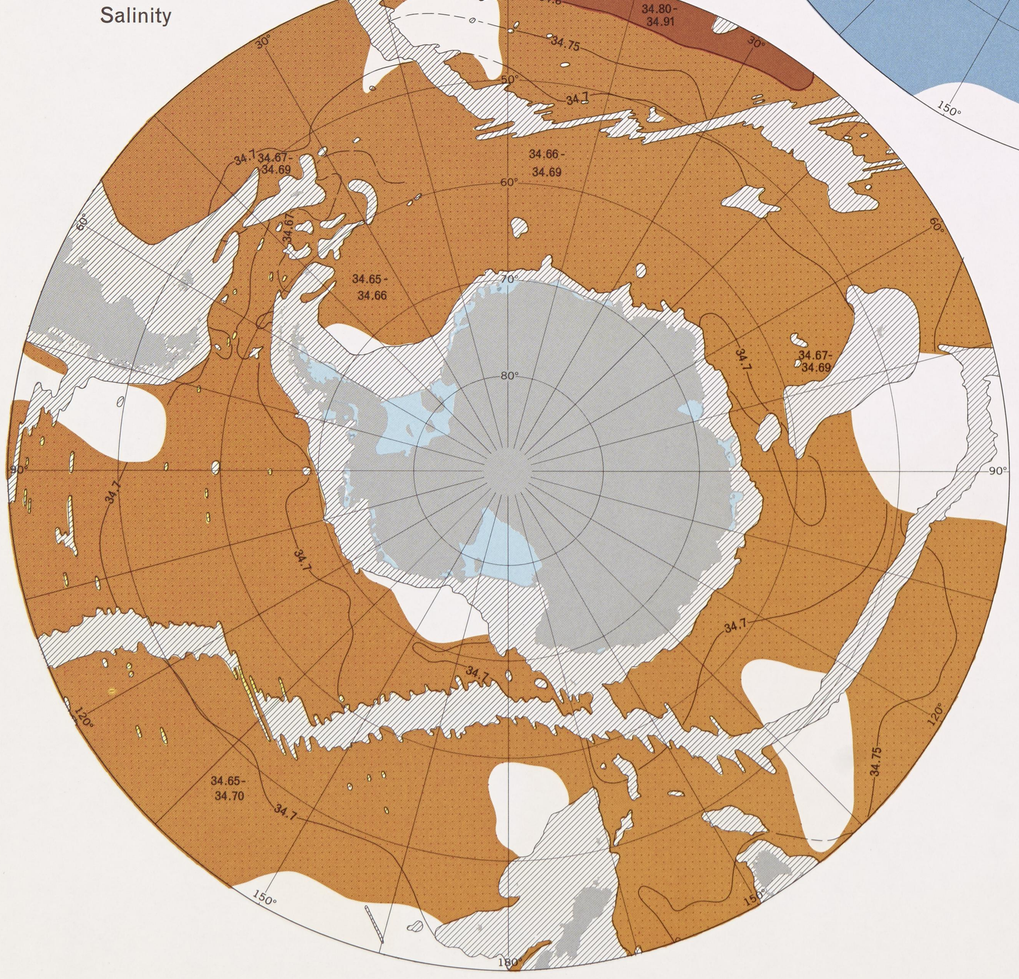
Isopleth interpolated

Ice shelf

Depth less than 3000m

(Bathymetry after Heezen, 1969)

Salinity

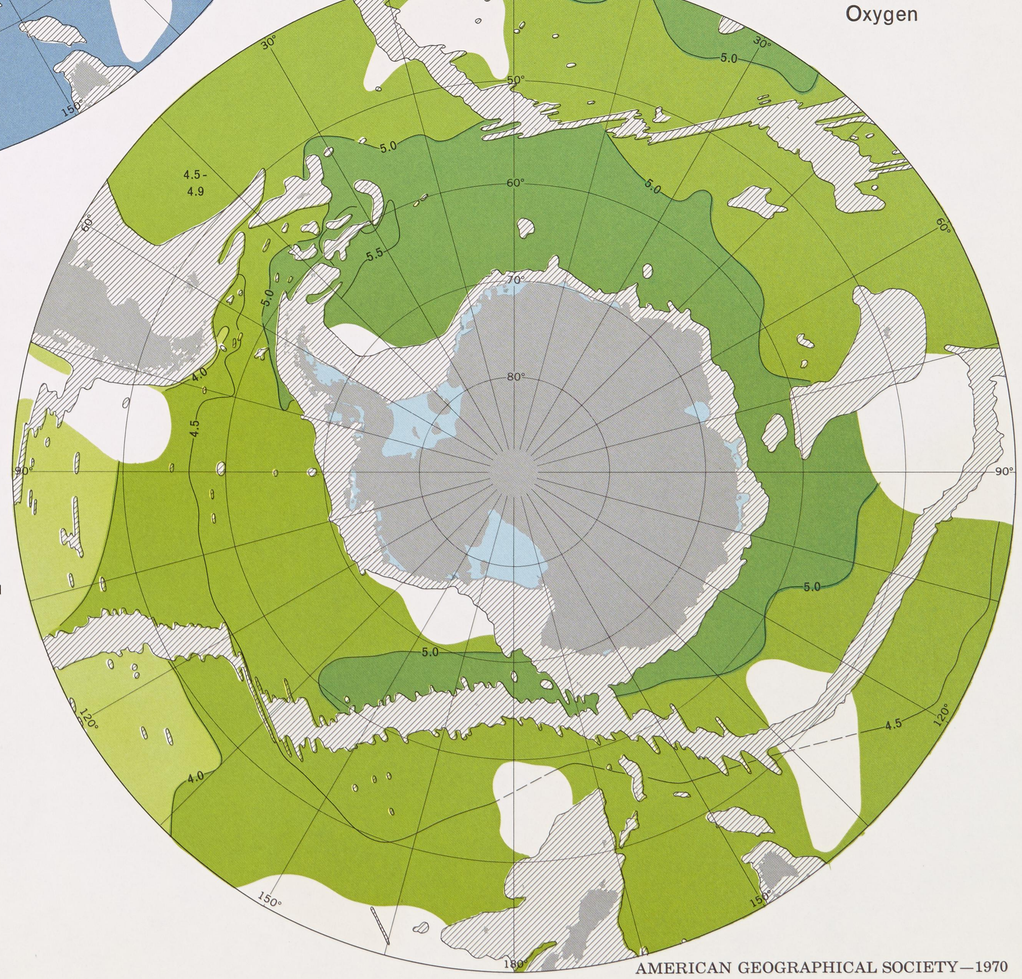


Salinity (‰)

<34.0 | 34.0 | 34.4 | 34.6 | 34.8 | 35.2 | 35.6 | >35.6

Contour interval 0.05‰

Oxygen



Oxygen (ml/l)

<4.0 | 4.0 | 5.0 | 6.0 | 7.0 | 8.0 | >8.0

Contour interval 0.5 ml/l
